BDJFC PASS ANNUAL HEALTH CHECK TO MAINTAIN FA CHARTER STANDARD YOUTH **CLUB STATUS!!!!**

Firstly, what is it and why do we want it as a club? The FA Charter Standard Programme is The FA's accreditation scheme for grassroots clubs and leagues. Its goal is to raise standards in grassroots football, support the development of clubs and leagues, recognising and rewarding them for their commitment and achievements. There are now some 4,500 clubs who have the Award throughout the country.

What do we have to do every year with the FA audited Annual Health Check?

We have 30+ qualified coaches at the club who are all volunteers/parents who must keep all their qualification areas (Safeguarding, Emergency Aid and CRC) in date. This has become even more paramount with recent events regarding historical child abuse in football that no doubt you've all seen in the news.

A Chairman's welcome...

"Brookland's Dragons JFC is an exciting club that has established an excellent reputation both on and off the pitch. With secure and privately owned home ground at Budworth Road, we pride ourselves in providing our children the best playing surfaces in Trafford. Along with Budworth Road we also use Holy Family School. Lime Tree School, Jacksons Boat and Weathercock Farm which are bases for coaching our philosophy of which we are very proud. Our 'continental' approach to training is already reaping rewards. First and foremost, we are a family club with fun at the heart of everything we do. You're welcome to see for yourself" We try and have fun in

Dave Jacklin - Club Chairman

All our coaches do a fantastic job and should be supported and praised at every opportunity. Without them we wouldn't have Brooklands Dragons! What are the benefits of being an FA Charter Standard Club?

It is a clear demonstration to all our parents, sponsors and the general public, that we as a club:

- Are well-organised, have a safe environment to play and offers opportunities for all.
- Have FA Level 1 qualified coaches as a minimum for all teams.
- Adhere strictly to FA Respect Policies and Codes of Conduct.
- Prioritise children's well-being and have a fully qualified Child Welfare Officer.
- Maintains appropriate levels of discipline through our own procedure.
- Have access the County FA and FA regional workforces to aid and assist where and whenever required

It's been a tough couple of months but we've achieved our goal and a big thank you to our Cheshire FA contact Tracy Horth for her guidance and assistance.

Dragons Talk Inspirational Quote

"When you play a football game, it is statistically proven that you will have the ball for three to four minutes on average. The important thing is what you do during those 86-87 minutes when you DO NOT have the ball!!! Football is a brain game: Where should you run, When should you run, When to cover, When to press, When to move Where to move and How to move. Its decisions like these that come from the brain and will determine whether you're a good player or not."

Johan Cruyff
